May 2019

This is an exciting time for Saint Thomas the Apostle. Our Building Virtues Capital Campaign these past three years has helped us make incredible progress on the vision we outlined when I became your pastor just a few years ago. Together, we have achieved so much in a short time! I want to keep the momentum we have and make progress on our master plan that will take Saint Thomas long into the future.

The parish is preparing to launch an important effort that will continue to build on the efforts we have made so far. **In the coming weeks, we will begin a feasibility study** that will assist us in determining how to move forward. To conduct this study, we have retained the services of Ruotolo Associates, a national firm with local presence that has experience working with Catholic communities just like ours.

The study will assist us in determining the best plan of action to proceed with our proposed master plan and building needs. **In the coming weeks, every parish family will have an opportunity to participate in the feasibility study.** Ruotolo Associates will be conducting personal interviews, focus groups and an in-pew survey. I encourage everyone to participate when called upon—your opinions are very important to us as we plan for our future.

God bless you and your families!

In all things may Christ be glorified,

Father Steve Kunkel

Dr. Steven Kuebel
